### CHARITABLE CATS

The Panthers held their annual kickoff luncheon Monday afternoon in Coral Springs with all proceeds benefiting the Panthers Foundation. The team is raising money to fight pediatric cancer locally.

During the lunch, goalies **Scott Clemmensen** and **Tomas Vokoun** announced they would each donate \$1 per save this season to the Jessica June Children's Cancer Foundation.

Vokoun credited Clemmensen for coming up with the idea after the team had a private meet-and-greet with afflicted children and their families prior to the event.

``It's just like people say, `they never think it's going to affect them,' " Vokoun said. ``It's always someone else. Truth is, cancer does affect a lot of people, and we see that all the time. I'm happy to join Clemm in trying to help out."`
