Ft. Lauderdale, FL 33316

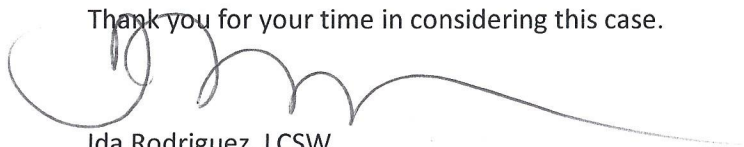

Attention: Mr. James DeAnda

Dear Mr. DeAnda,

I am writing on behalf of the patient, Brayant Lopez-Madrugal and his family. Brayant is a patient who received a diagnosis of Acute Lymphoid Leukemia in 2012. Since his diagnosis, Brayant has received chemotherapy and has had several follow-up clinic visits.

Brayant's parents approached me asking if there were any foundations that could possibly assist them with finances, since at this time, they are both unemployed. Because the Jessica June Children's Cancer Foundation helped this family out in the past, we were wondering if possibly the foundation could assist this family once again with the basics like food and clothing. There are 4 children in the home and any help would be greatly appreciated.

Thank you for your time in considering this case.
