Attention: Mr. James DeAnda

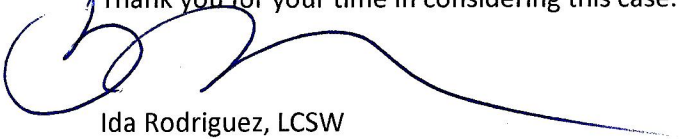

Dear Mr. DeAnda,

I am writing on behalf of the patient, Isaiah Hazel and his family. Isaiah has been a patient of ours since he was first diagnosed with Hodgkin's Lymphoma in February of last year. Isaiah continues his care here with us at the University of Miami/ Sylvester Comprehensive Cancer Center/ alex's place.

Today, Isaiah's mother informed me that they continue to be in need of some financial support, as they travel to and from this clinic for his follow-up appointments, as well as, hospital stays, and parking costs.

Isaiah's mother approached me asking if there were any foundations that could possibly assist them with meeting some of their finances during this time. Because the Jessica June Children's Cancer Foundation helped this family out in the past, we were wondering if possibly the foundation could assist this family once again with the basics like food and clothing to help them get through this time.

Thank you for your time in considering this case.
