Dear Sun Sentinel Children's Fund,
Thank you for the grant funds you provided to the Jessica June Children's Cancer Foundation. A portion of the grant funds were allocated for urgent help to pay for my step-daughter Elodie's health insurance coverage. Since she was diagnosed with stage IV Neuroblastoma in April, I have not been able to work my full-time and per diem jobs. If you had not helped with the payment for the insurance premium, Elodie's life saving cancer treatment would not have been covered and available. I have been Elodie's full-time caretaker and caring for our other three children, their ages 15, 11 and 6. Currently, I am the sole financial provider for our family. Thank you for the help you have provided. It is greatly appreciated.
Sincerely, Gilene Euzebe and The Euzebe Family
