April 20, 2018

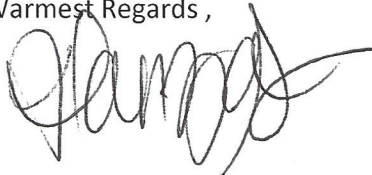

Dear Jessica June:

I write this letter to request admittance into JJCF's Advocacy program for Giovanni Bacon. Giovanni is treated at St.Jude's Children's Hospital in hope to beat this battle as he has relapsed. A young single mother of two who continues to fight this battle with Giovanni. Family is in dire need of financial assistance as they would not want to lose their home once family returns home from treatment.

Thank you Jessica June Advocacy Program for all your support and hope that is instilled in our families lives!

God bless!

Warmest Regards ,

Jennifer Lanzas, MSW
