

March 12, 2022

My name is Michelle O'Boyle RN, BSN, CPON and I am the Patient Care Navigator for the Kids Cancer Foundation.

I am currently coordinating services for Genevieve Olivo who I have referred to you for financial assistance due to the fact that family could utilize financial assistance with their monthly mortgage payment now that Genevieve has been diagnosed with Retinoblastoma and her mother has had to decrease her hours of work to care for and bring Genevieve to treatment. Due to Genevieve's diagnosis and treatment they need to travel 236 miles round trip to Miami for chemotherapy once a month and 120 miles once a week following her chemotherapy to monitor her blood counts and possibly receive transfusions as needed. Needless to say the expense of the travel is an added hardship for this family not to mention the cost for meals during those visits. If at any time Genevieve should develop a fever during this time it will mean at least a 3 night stay at the hospital or longer depending on the source of infection and her blood counts.

If you have any questions feel free to contact me at: 561-371-1298 or fax me at: 561-333-8293. Thank you so much for all you do. It is greatly appreciated.

Yours truly,

Michelle O'Boyle RN, BSN, CPON

Pediatric Oncology Patient Care Navigator
